Foundation for Intelligent Life on Earth · Peter Coffee · The Reasons According to Claude (as of 8 June 2026)

Where Business Meets Planet

Coffee connects organizational strategy, supply-chain resilience, and environmental stewardship — showing sustainability as smart business, not charity.

Data-Literate Climate Analysis

From carbon accounting changes (China's Feb 2026 communiqué) to retiring disaster databases (NOAA, EM-DAT), Coffee tracks what the numbers actually mean.

Calling Out 'Unknown Knowns'

Who else is naming institutions that actively dismantle climate knowledge? Coffee calls it — with receipts — and asks what we intend to do about it.
